NWPLAY115 Parkour

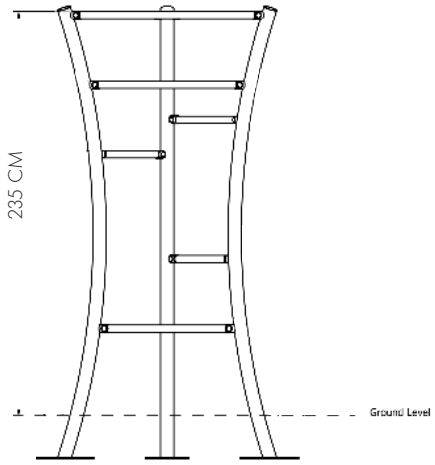

PLAY

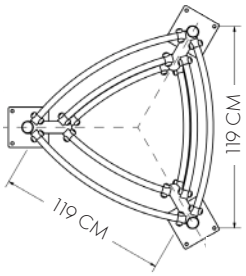

Playing in the Parkour climbing frame strengthens body awareness, muscle mass and balance when moving over, under and through obstacles. For the older children and teens, the ribs can also be strength training - doing dips, pull-ups and push-ups.

DESIGNED TO PLAY

All Norwell PLAY equipment is inspired by Norwell´s well known curve, - the main element of our design, which creates a light and transparent construction. Combined with our choice of colour, it can fit into any environment and in a playful way develops the child's balance and motor skills. All our equipment expresses the best of Danish Design, quality, functionality, and aesthetics.

SAFE DESIGN

All the Norwell Outdoor PLAY equipment comply with the European Playground equipment standard EN1176.
